

VEKA
MADE PERFECT. STAYS PERFECT.

TIME FOR THE TIMELESS.

Some things are just perfect. A moment looking out into the sunset when the sky is red, over a cup of coffee with a friend. A precious exchange of looks when dad changes mom's favourite show. When the sun shines in through the curtains, only to wake up your tiny little bundle of joy.

Some things are just perfect. And then, there are some that are built perfect. Like that very home, with those very moments. And everything that makes that home.

Including its windows.

Presenting, **VEKA uPVC** windows. German-engineered. India's favourite. Made to perfection. Made to be timeless.

Just like your home.

VEKA
MADE PERFECT. STAYS PERFECT.

**WINDOWS THAT OUTLAST
ONE GENERATION AFTER
THE NEXT.**

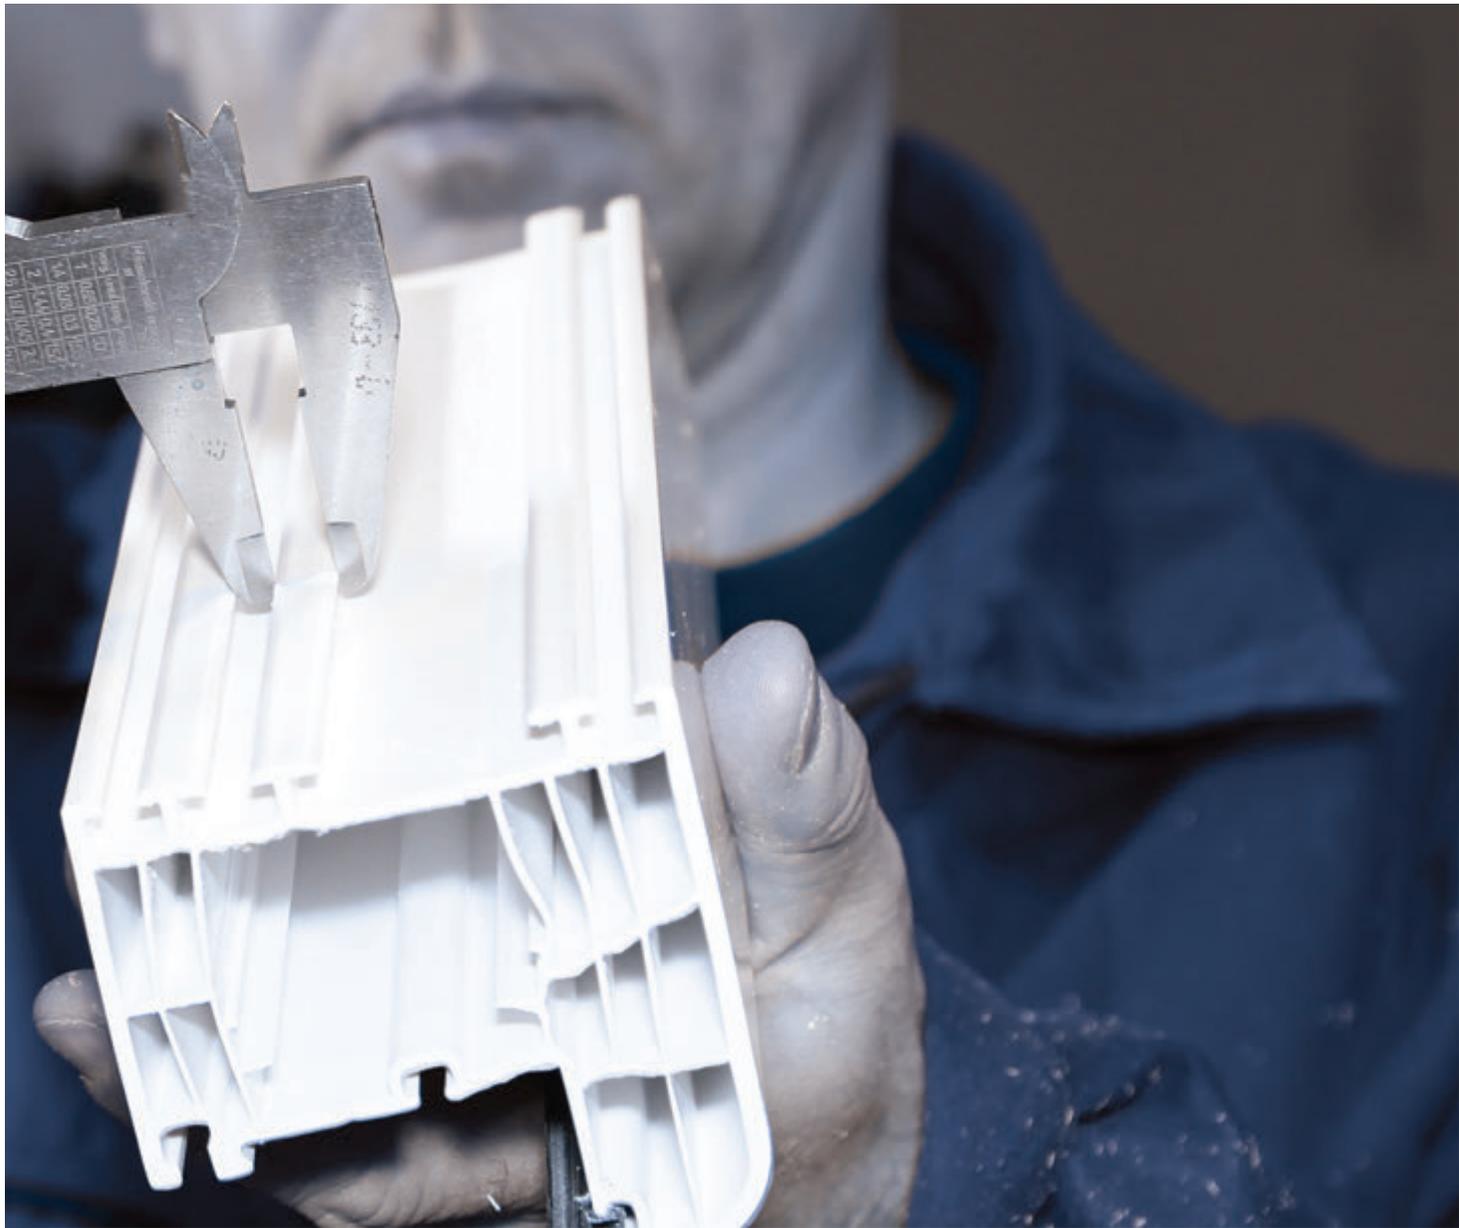

A joint venture between NCL – India and VEKA AG – Germany. NCL VEKA is a uPVC window giant, with a combined experience of over 90 years. The Company has the capacity to manufacture 24,000 tonnes of profiles every year, making its way to approximately 5,00,000 homes. NCL VEKA brings with it the largest network of dedicated fabricators in the country, and VEKA AG on its own, stands as the largest uPVC manufacturer in the world, with a strong presence across 40 countries. All together, NCL VEKA brings to the table, products that don't just conform to international standards, but are also made perfect for Indian climatic conditions.

PAN INDIA. AND GOING THE EXTRA MILE FOR YOU.

Across India, in over 100 cities, with regional offices in every Tier 1 city, NCL VEKA has an incredibly wide and extremely strong network of over 175 exclusive fabricators. Each one is equipped with state-of-the-art fabrication facilities, to make the kind of frames every home in the country needs.

LITTLE DETAILS. THAT MAKE A LONG-LASTING DIFFERENCE.

Making a window isn't just about making it. It's about ensuring it's made perfect. When every little thing, complex or simple, is perfect too.

At NCL VEKA, the process of designing windows is far more sophisticated than the expected. PVC along with additives of highest quality, gets converted into the finest profiles. Our attention-to-detail borders on obsession, to make sure nothing is left to chance. All, so that every window produced from our factory, is nothing short of extraordinary. And is a work of engineering that lasts generations. The ideal solution for your home.

6 REASONS, FOR DECADES OF PERFECTION.

Energy-efficient

Long-lasting strength

Healthier indoor air quality

Safe and secure

Weatherproof

Lead-free

ONLY THE FINEST, CAN MAKE THE FINEST.

The VEKA Manufacturing Facility

The finest profiles come manufactured from one of the finest facilities in the country. The VEKA manufacturing plant is state-of-the-art. It is located in Hyderabad, and is as massive as it is advanced. Putting expertise and precision, right at play, to make every profile perfect.

2,00,000 sq.ft.

24 extrusion lines

Lamination & arch
bending facilities

400 highly-competent
employees

Our R&D and Quality Control Centre is manned by engineers who are more than merely qualified, to ensure there's no compromise on quality at any stage. Profiles manufactured here are lead-free, and conform to British Standard BS EN 12608, with tropicalised uPVC compound, using the highest quality additives from Europe, to suit Indian weather conditions.

**A RANGE AS VAST,
AS IT IS PERFECT.**

Our Products

From perfecting profiles to mastering windows and doors too. VEKA brings you a range of uPVC windows and doors that are crafted precisely for your every requirement. Our products are available in white, as well as a wide range of laminated finishes.

THE SLIDING SERIES

Sliding Windows and Doors come in the I-44, I-50, I-60, I-64, and I-75 Series. A range this wide provides flexibility to fabricators and end-users. They're available in 2-track, 2-track with fly-screen, 3-track, etc., to suit specific customer requirements. We provide glazing options, ranging from 5 mm to 24 mm.

Arch Windows

VEKA I-60 Casement profiles have the flexibility to be bent into arch shapes, giving a traditional look to the building.

Our in-house arch bending facility is capable of fabricating arch windows with options of single and double glazing.

Lift and Slide Doors

Apart from regular Sliding Windows & Doors, VEKA is offering its most premium system, called LSD153, in the Indian market. It is a lift-and-slide door system that is widely used in top-class building structures, such as bungalows or villas, luxurious or boutique hotels, premium quality condominiums, and showrooms. This system is able to satisfy the most stringent requirements in terms of weather tightness, thermal and acoustic insulation, thus providing the residents with the highest level of comfort, and greatly enhancing the living or working environment. A maximum door size of 6000 (W) x 3000 (H) can be built with this system, giving an unobstructed view of the outside.

Twin Sash Grill & Mesh Windows

VEKA Twin Sash Grill & Mesh Windows are aesthetically superior. The window system is available in I-60 Casement Series with multi-point locking hardware that provides safety and security besides keeping insects out. It also comes with an option of grill only, without mosquito screen.

- 8 mm sash overlap for superior performance
- Outward opening glass panel and inward opening mesh panel
- Glazing options – 6 mm & 12 mm single glazing / 20 & 24 mm double glazing

Slide and Fold Doors

VEKA Slide and Fold Doors offer a premium look with the maximum opening space that can be integrated into your balconies or terrace opening. The window system is available in I-60 Casement series with German hardware.

- 8 mm sash overlap for superior performance
- Multi-point locking with hardware screw fixed to steel
- Glazing options – 6 mm & 12 mm single glazing / 20 & 24 mm double glazing
- Heavy duty roller for smooth operation

Tilt and Slide Doors

VEKA Tilt and Slide Doors offer a grand view, while giving the option to tilt and slide the doors behind the fixed panel for maximum ventilation. The door system is in I-60 Casement series with European hardware, which makes it reliable, soundproof and secure.

- 8 mm sash overlap for superior performance
- Multi-point locking with hardware screw fixed to steel
- Heavy duty roller for smooth operation
- Glazing options – 6 mm & 12 mm single glazing / 20 & 24 mm double glazing

Tilt and Turn Window

VEKA Tilt and Turn Windows provide an avant-garde look to your house. These are inward-opening windows available in the I-60 Casement Series and ensure good ventilation for your home. The windows provide a higher degree of flexibility, which is suited for any building type.

- 8 mm sash overlap for superior performance
- Imported hardware with high corrosion resistance properties
- Multi-point locking with hardware screw fixed to steel
- Glazing options – 6 mm & 12 mm single glazing / 20 & 24 mm double glazing

SPECIAL APPLICATIONS

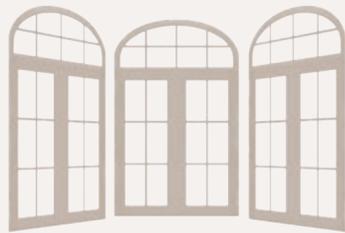

Parallel Windows

The ideal choice for maximum ventilation. VEKA Parallel Windows are safe and secure for even children's rooms, as they open only 135 mm (5 inches). And to top that, they're easy to operate.

Vertical Slider

Their American style of operation makes these windows ideal for residential developments. They do not take up inside or outside space, as the shutters are sliding and can be held at any position, from fully open to closed and everything in between.

Bay Windows

Bay Windows are combinations of two or more windows connected at an angle (90 to 180 degrees) or in a curved shape. It provides a panoramic outside view and adds aesthetic value to a home.

Motorised/Lever Operated Windows

Ideal for windows installed at a height that is not accessible to operate. The lever handle can be combined to operate up to three shutters at the same time. A motorised option is also available.

PIECING PERFECTION, ONE ACCESSORY AT A TIME.

OBEN Accessories

We arrive at perfection, when every part is perfect too. NCL VEKA offers a range of accessories for doors and windows, under our brand, OBEN. They are ideal for not just VEKA windows, but any windows. To top that, they're perfectly suitable for Indian conditions as well.

Espagnolettes & Strikers

Hinges & Friction Hinges

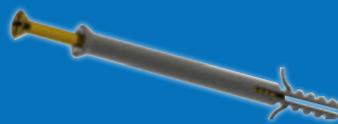

Complete Sets

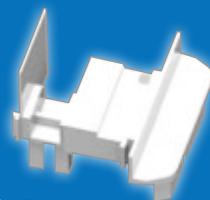

Handles

Rollers

Screws & Fasteners

Plastic Parts

THERE'S A REASON WE'RE INDIA'S FAVOURITE. FOUR, ACTUALLY.

GERMAN TECHNOLOGY

VEKA profiles are German-engineered, and come with co-extruded Thermo-Plastic Elastomer (TPE) gaskets. They weld seamlessly with the corner joint, making way for better thermal & sound insulation. Not just that, they're designed remarkably, so they add to the aesthetic appeal of your windows. Glazing beads co-extruded with soft PVC gaskets come in colours to match the TPE gasket. They're durable and provide better grip to the glass.

FLEXIBLE DESIGN OPTIONS

VEKA has more than 125 profiles to suit diverse applications. This flexibility in design makes it ideal for Indian weather conditions. Adding to that, almost any design, shape, size, and colour is possible with VEKA profiles.

END-TO-END SOLUTION

From the word 'go' VEKA takes care of it all. Our fabricator network is not just the largest in the country, but also the most qualified. They are trained in fabricating all types of doors and windows. And from suggesting the right profiles, to finally installing them, they provide end-to-end service, so you can rest assured you're making the right choice.

UNMATCHED SERVICE QUALITY

VEKA goes a step above and beyond, with Technical Support Teams stationed at different locations, close to fabricators. The teams visit fabricating units regularly and audit the process being followed. They ensure compliance with specifications and process guidelines, just as laid down by the Company.

MAKING THE VIEWS GREAT, EVERYWHERE.

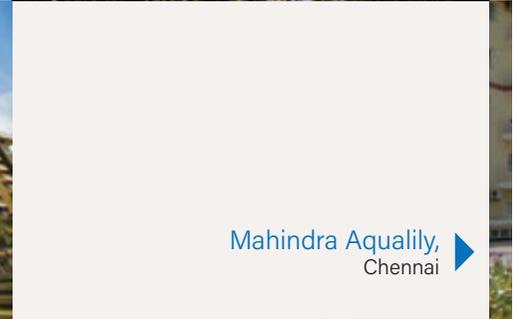

Our Projects

There isn't a corner of India that we haven't made our mark at. VEKA has seen immaculate projects around the country, from commercial to residential. Opening windows to incredible views, and making each one perfect.
